From Hon. W. H. Jones, of West Dover, Vermont.

"I have been troubled from my boyhood with chronic or hereditary lung complaint. Some years since, early in the winter, I took cold, which as usual settled into a severe cough, which continued to increase as the season advanced, although I made use of all the cough remedies I had knowledge of. My family physician also prescribed for me, but I felt no relief. During all this time I was gradually running down, losing flesh and strength, until my friends as well as myself, became very much alarmed, thinking I should waste away in consumption. While in Boston, during the spring following, I was induced to try WISTAR'S BALSAM OF WILD CHERRY. After one day's trial I was sensible that it was relieving me; in ten days time my cough had entirely ceased, and I was soon restored to my health and strength. I have ever since kept the BALSAM in my house, and whenever any member of my family has a cough or cold, it is immediately resorted to. No family should be without it." Sold by all druggists.

A Gentle Hint.

In our style of climate, with its sudden changes of temperature—rain, wind and sunshine, often intermingled in a single day—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of Boschee's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill and, perhaps, death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Severe Coughs, Croup, or any disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. German Syrup is now sold in every town and village on this continent. Sample bottles for trial 10 cents; regular size, 75 cents. *

The Machine was Worn Out.

Why? Not because it was not well built, but it was wrongly run. Thousands of men who have run down long before their three-score and ten years are accomplished, might have been renewed into sprightliness and vim if they had tried the well-known PERUVIAN SYRUP, which contains among its compounds the Protoxide of Iron, so combined that it assimilates with the blood and invigorates the whole system. This syrup has proved efficacious in thousands of cases, and will do everybody good who uses it. All druggists keep it. *

WARRANTED FOR EVER.—The manufacturer of the Raymond Sewing Machines now issues a certificate of warranty to all purchasers of sewing machines of his manufacture. The "Raymond" has been for ten years in constant use by the British Columbia public. They give unqualified satisfaction; they do everything; they do it well. Every new improvement is attached to the "Raymond." Its popularity and its sales increase. Call and see the "guarantee" which is furnished with each "Raymond" Sewing Machine. A new supply of these unequalled machines recently received. A. B. Gray & Co., sole agents for British Columbia.
N. B.—Attachments for all kinds of sewing machines on hand, including new descriptions of hemmers, tuckers, frillers, etc. *

MESSRS. BROWN & WHITE beg to call attention to the balance of their stock of Linen Costumes, Skirts, Children's Piqué Palises, Sun Hats, Ladies' and Children's Straw Hats, &c., &c., which will be offered at a great reduction in order to make room for novelties to arrive.
N. B. — A Fashionable Costume for $2 50. *

MUSIC.—Mr. Digby Palmer, teacher of the Pianoforte, Singing and Thorough Bass, having returned from Puget Sound, will be happy to see his pupils and patrons. Pianofortes tuned and kept in tune by the year. Fort street. Or orders left on the slate at Messrs. T. N. Hibben & Co.'s, Government street. *

JOB PRINTING.—A fine line of new job type was received by the City of Panama at *The Colonist*. Billheads, cards, circulars and posters are now turned out at very low rates in first-class style. *

NOW IS THE TIME to get Pictures cheap. Call at once at the New Photograph Gallery. Children's Pictures taken in one second. Government street, near James Bay Bridge. *

LOST, DESTROYED OR STOLEN.—All the school-books which come under the above caption during the past summer holidays can be easily replaced at the Publishers' prices at
* T. N. HIBBEN & Co.'s.

JUST RECEIVED per mail a fine lot of trout flies tied expressly for the Cowichan and Comox Rivers and the Province in general. Price, 75 and 50 cents per dozen. To be had at HENRY SHORT'S, Gunmaker, Fort Street. dw*

THE LATEST.—The undersigned received by City of Panama, a choice lot of Ladies' Costumes, Children's Dresses, Summer Dress Goods, Trimmings, Lace Handkerchiefs, Ties, Sets, etc., etc.—SHEARS & PARTRIDGE, London House. *

IF heretofore you have been unable to wear a set of artificial teeth call on Dr. Cool. He will guarantee all his work *

"Berkeley, Sept. 1869.—Gentlemen: I feel it a duty I owe to you to express my gratitude for the great benefit I have derived by taking Norton's Camomile Pills. I applied to your agent, Mr. Bell, Berkeley, for the above named pills, for wind in the stomach, from which I suffered excruciating pain for a length of time, having tried nearly every remedy prescribed, but without deriving any benefit at all. After taking two bottles of your valuable pills I was quite restored to my usual state of health. Please give this publicity for the benefit of those who may thus be afflicted.—I am, Sir, your truly, HENRY ALLPASS.

LEGISLATIVE ASSEMBLY.

PRIVATE BILLS.

ALL APPLICATIONS FOR PRIVATE BILLS properly the subject of legislation by the Legislative Assembly of British Columbia, within the purview of the "British North American Act, 1867," whether for the erection of a Bridge, the making of a Railroad, Turnpike Road, or Telegraph Line; the construction or improvement of a Harbour, Canal, Lock, Dam or Slide, or other like work; the granting of a right of Ferry; the incorporation of any particular trade or calling, or of any Joint Stock Company; or otherwise for granting to any individual or individuals any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which in its operation would affect the rights or property of other parties, or relate to any particular class of the community; or for making any amendment of a like nature to any former Act—shall require a Notice, clearly and distinctly specifying the nature and object of the application to be published as follows:—
A notice inserted in the BRITISH COLUMBIA GAZETTE and in one newspaper published in the District affected, or if there be no newspaper published therein, then in a newspaper in the next nearest District in which a newspaper is published.
Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition.
Before any petition, praying for leave to bring in a Private Bill for the erection of a Toll Bridge is presented to the House, the person or persons intending to petition for such a Bill shall, upon giving the notice prescribed by the preceding rule, also at the same time and in the same manner, give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

A CARD.

EDITOR COLONIST:—The article in the *Standard* on Monday morning stating that the cattle brought down for Jackson & Goodacre were not for the said firm but for Goodacre, Dooley and J. Parker, is not correct. The cattle were brought for Jackson, Goodacre & Co.; but through some misunderstanding were sold to Goodacre & Dooley and J. Parker.

ELECTORS!
RESERVE YOUR PLEDGES.

TO THE ELECTORS OF VANCOUVER DISTRICT.

GENTLEMEN:—HAVING BEEN CALLED UPON by a large number of merchants, farmers, workingmen and others to represent Vancouver District in the House of Commons at the ensuing general election, and believing that there never was a period in the history of our adopted country more critical than the present—when honest, industrious men, who constitute the bone and sinew of the commonwealth, should look after their rights—when commercial men who are in the channels of trade—enterprising men who develop the resources of the country—workingmen whose honest toil revolves the wheel of commerce and puts the whole machinery in motion—should give that attention and care to public interests which are justly expected of every true patriot and loyal citizen. And having, moreover, been intimately acquainted with the political interests of the Dominion in the Eastern Provinces, and having helped to place men in power who have been the workingman's friends and the friends of progress, such as the Hons. Sir J. A. Macdonald, Ontario; S. L. Tilley, N. B.; Dr. Tupper, N. S.; and J. C. Pope, P. E. I.; I shall, if elected by your suffrages, be found working shoulder to shoulder with such men for the country's weal.
I am led to this determination for the simple reason that the present Government have failed to act justly with British Columbia, after five years of unlimited power. They have given us no definite hope of the immediate construction of the Canadian Pacific Railway and no change of Tariff on account of our isolated and distant geographical position. I advocate therefore:
1. Immediate railway construction and the honorable fulfilment of what is known as the Carnarvon Terms.
2. The erection of a Drydock at once as being, like the Railway, not only a Provincial but also a national necessity.
3. The importation free of duty of all material required for the rigging and fitting of ships that cannot be procured in this Province.
4. A just and equitable adjustment of both Export and Import Dues from a reciprocal point of view, which would benefit largely the Commercial, Mining, Agricultural and Lumbering interests of the Districts as well as of the whole Province.
5. I would also strive to secure a new Postoffice for the thriving city of Nanaimo, and failing in that, some improvement at least upon the shameful neglect of its present postal facilities.
Other local and provincial wants which may call for legislative redress shall receive, if I am elected, my serious attention and warmest support.
I shall take an early opportunity of holding public meetings in the various sections of your wide and extensive district (of which due notice will be given) at which I shall, as also in private intercourse, fully explain the course I intend to pursue, and hope as the result of that to receive your generous support.
I have the honor to be, Gentlemen,
Your obedient servant,
A. J. McLELLAN.
Nanaimo, June 14th, 1878. je30dw

DISTRICT CORRESPONDENCE.

EDITOR FREE PRESS:—I quite agree with the writer of the article which appeared in your issue on Wednesday last signed "Union and Progress," giving our late, and would-be next, representative in the House of Commons (I mean Bunster) a slight rub for leaving the city without giving an account of his stewardship for the five years he represented us. Yes, Mr. B. spent off and on about a week in town, and surely he could (if he wished) I think without interfering with his business or canvass spare a few hours, say even one, to address us. It's true it was generous, gentlemanly and policy on his part to defer his address and give up the Institute Hall on Saturday in favor of the Bazaar. It is also true the Institute was at his command on the Monday evening following, which would have, in my opinion, suited the purpose and the citizens equally as well. Nanaimo is the centre and the most important part of Vancouver District, and when he can make it convenient to address the different other parts of his constituency why, I ask, [illegible] he treat Nanaimo so coolly unless he is under [illegible] impression that his right bower can mesmerise [illegible] to support only him? It's a huge mistake. [illegible] Bunster, let us hear one of your eloquent speeches, else you will hear again shortly from
HOCKMANN.

MISCELLANEOUS.

DR. J. COLLIS BROWNE'S
(Ex Army Med. Staff),
CHLORODYNE

IS THE ORIGINAL AND ONLY GENUINE.

CAUTION.—Vice-Chancellor Sir W. P. Ward stated that DR. COLILS BROWNE was undoubtedly the inventor of CHLORODYNE; that the story of the defendant, Freeman, being the inventor was deliberately untrue which he regretted had been sworn to. Eminent Hospital Physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely and mean no other than Dr. Browne's.—See "Times," July 12, 1864.
Tee public, therefore, are cautioned against using any other than

DR. J. COLLIS BROWNE'S CHLORODYNE.

REMEDIAL USES AND ACTION.

This INVALUABLE REMEDY produces quiet, refreshing sleep, relieves pain, calms the nervous system, restores the deranged functions and stimulates healthy action of the secretions of the body without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvelous good effects and wonderful cures, while medical men extol its virtues most extensively, using it extensively in the following diseases:
Diseases in which it is found eminently useful—Cholera, Dysentery, Diarrhœa, Colics Coughs, Asthma, Cramp, Rheumatism, Neuralgia, Cough, Hysteria.
The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne.—See "Lancet," Dec. 31, 1864.
From A. Montgomery, Esq., late inspector of Hospitrls, Bombay: Chlorodyne is a most valuable remedy for Neuralgia, Asthma and Dysentery. To it I fairly owe my restoration to health after eighteen monts severe suffering, and when other medicines had failed.
Dr. Lowe, Medical Missionary in India, reports (Dec., 1865,) that in nearly every case of Cholera in which Dr. Collis Browne's Chlorodyne was administered the patient recovered.
Extract from "Medical Times," Jan. 10, 1866.—Chlorodyne is prescribed by scores of orthodox remedial practioners. Of course it would not thus be singularly popular did it not supply a want and fill a place.
Extract from the general Board of Health, London, as to its efficacy in Cholera.—So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases.
Beware of spurious and dangerous compounds sold as CHLORODYNE, from which frequent fatal results have followed.
Sold in bottles at 1s 1½d, 2s 9d, 4s 6d, and 11s each.
CAUTION.—None Genuine without the words "Dr. J. Collis Browne" on the Government stamp. Overwhelming medical testimony accompanies each bottle.
Sole Manufacturer, J. T. DAVENPORT,
GREAT RUSSELL STREET, BLOOMSBURY, LONDON.

Come ye citizens and strangers,
Miners, sailors and Western rangers,
Listen to the truthful story,
Of Frank Campbell of Victoria.
He in truthful words will tell you
Just the goods he has to sell you.
Mind ye now he isn't joking,
If you are fond of chewing and smoking,
Or if you are given to snuffing,
What he keeps does not need puffing.
He has brands will suit you really,
Tobacco users prize them dearly;
From all parts of the "Old Dominion"
He has stock, and his opinion
Is that none can suit you better
They will please you to the letter.
His Cigars, just from 'Havana,'
Smoke in the most lovely manner;
Meerschaum pipes of style and fashion
Just to suit each taste and passion;
And it is in Canada stated,
His Tobaccos are celebrated;
Green Seal, Straight Cut, all go,
Big Lick, Big Cut, Wind Sap, also
All the Fine Cut Brands for chewing
That your teeth will never ruin;
Pipes to suit the inveterate smoker,
Cards for playing sinch or poker,
Pipes of briar and stems of cherry
More than any man can carry;
It would take a week to tell you
All the things he has to sell you.
While in town you may be stopping
At the "Adelphi Corner" drop in;
Campbell you'll find at that location
Ready to give you information,
Or to see you well provided,
With what is by all decided,
The smoker's and the chewer's glory,
The best and cheapest in Victoria.

FRIDAY MORNING, AUG. 9TH, 1878.

"L. P. FISHER, 20 and 21 New Merchants' Exchange, is our authorised Agent in San Francisco.

"OH! CONSISTENCY, THOU ART A JEWEL."

On the first day of the present session Hon. Mr. Beaven gave notice in the House of the following resolution:

"This House is of opinion that Chinese should not be employed upon the public works of the Province, and that a clause should be inserted in the specifications of all contracts awarded, to the effect that contractors will not be permitted to employ Chinese labour upon the work, and that in the event of their doing so the Government will not be responsible for payment of contract."

The resolution was adopted by the House with enthusiasm at its next sitting. On the same day the hon. Attorney-General introduced a Bill entitled an "Act to provide for the Better Collection of Taxes from Chinese," which Bill contains the following clause:

"13. Every Chinese person who neglects, refuses, or is unable to take out the said half-yearly license, shall be liable, at the instance of the Collector, to perform labour on public roads and works in lieu thereof. The cost of food, five per cent. of the wages of the overseer hereinafter mentioned, and five per cent. on the amount of the half-yearly licence for cost of wear and tear of tools, shall be added to the half-yearly sum of thirty dollars, and shall be deemed to be payable by every Chinese person performing such labour in addition to the amount of his half-yearly licence. A day's labour duly performed shall be equivalent to cents, and each Chinese person shall perform the work required of him continuously until an amount of work equivalent to the whole sum due by him has been performed. On the completion of such amount of work as aforesaid, the overseer shall give to each Chinese person performing the same a licence for the half year, calculated from the time such Chinese person commenced to work, and such licence may be in the form B in the schedule hereto."

We want the intelligent reader to contrast the resolution with the clause and answer if whether in his opinion the latter, if passed, will not completely stultify the resolution? Both measures, be it remembered, sprang from the Government, and each is as diametrically opposed to the other as the poles are asunder. The one forbids the employment of Chinese "upon the public works of the Province," and the other makes a Chinese tax defaulter liable "to perform labor on public roads and works in lieu of his tax." It is the old statute labor system in another shape. Under that system a road-tax defaulter was allowed to work out his tax on the roads at so much *per diem*. Years ago the system was discontinued because of its manifest injustice to the working classes, and at this late day the remodeled Walkem Government revive it for the benefit of Chinese immigrants. We hope to see the Bill receive a more thorough sifting and exposure at the hands of the Opposition than it has yet had. It should be torn to pieces on the floor of the House at the third reading, it being nothing more nor less than a piece of Governmental claptrap, intended to deceive the working classes, and play into the hands of large employers of Chinese labor.

"DROPPED" LIKE A HOT POTATOE.

The Government have "dropped" their insurance tax bill. Through the medium of *The Colonist* they discovered that it was unconstitutional. Let us see: A Ministerial salary is $3,000 per annum. Three threes are nine—$9,000 paid to three Ministers to bring down constitutional measures. Within a week they have brought down two bills that are clearly unconstitutional. When the clerk of a private firm makes a blunder he is remonstrated with. Should he repeat his blunder sufficiently often to show that he is a chronic blunderer, no one need be told the fate that would befall him. Talleyrand said of a certain political act of the French ministry, "It is worse than a crime—it is a blunder." Our Ministry are well paid for discharging the public business. If they do not know their duty they ought to. If they bring down ill-digested measures that even a lawyer's clerk could tell them are unconstitutional, should they not be made amenable to the same punishment as the blundering clerk? It should not have been left to a newspaper to make public the fact that the insurance tax could not be collected, and the House certainly is entitled to an explanation. The utterance of the word "dropped" when the bill is called up is not satisfactory.

PROTESTING AGAINST THE CHINESE TAX.

We observe that protests against the passage of the Chinese Tax Bill are pouring into the Government. Gentlemen, there is no occasion for alarm. Your interests are in safe hands. In its present form the Bill is unconstitutional and won't pass the law officers of the Crown at Ottawa; the Government is as well aware of that fact as we are. Why do you not emulate the course of the boot and shoe manufacturers. Three of them have secured seats in the House; and you don't hear of their protesting. On the contrary: *they are assisting in the passage of the Bill!* Depend upon it, those gentlemen know what they're about. They secured their election with the express object of framing a Bill that would "fool" the workingmen and be disallowed at Ottawa. We must say that they are succeeding admirably Let the cannery proprietors keep cool. It will be time enough to get excited when the soles of the shoe men in the House are troubled and they wax warm on the subject.

THE COMMONS.—Mr. Wm. Dalby will be a candidate for the Commons in Victoria District. *

EUROPE.

ROME, Aug. 7.—It is stated in clerical circles that Bismarck and the Papal Nuncio have arrived at an arrangement on the basis of amnesty for all offences against the folk laws and re-establishment of the Convention existing before the rupture. The Vatican will promptly give a formal reply to these propositions.

VIENNA, Aug. 7.—Troops are advancing on Maglaj amid continuous rains. A report has been received of two more sharp skirmishes on Monday at Kosna and Gracancia, in both of which the insurgents were defeated and the Austrian loss was trifling.

LONDON, Aug. 7.—At the Royal yacht squadron regatta to-day the Enchantress, an American schooner, came in first; but the Formosa won by a time allowance.

CONSTANTINOPLE, Aug. 7.—Important positions connected with Varna will be delivered up to the Russians next week, but the removal of material from the fortress will require two months.

The Russians have addressed to the Porte a friendly inquiry as to when it will surrender Batoum; but the communication has as yet received no answer.

VIENNA, Aug. 7.—The cabinet is strongly urging the Porte in view of the Bosnian and Herzegovinian difficulties to come immediately to a clear understanding about the position the Porte intends to assume.

VIENNA, Aug. 6.—In the Hungarian elections three Government candidates have been defeated at Debuergin. Several leaders of the Ministerial party were rejected at places which had supported the government for the past ten years. Even at Pesth the opposition gain considerably. The defections are the result of dissatisfaction of the Magyars with the government's Eastern policy. It is nevertheless believed that the government will have a working majority.

BERLIN, Aug. 6.—Last year's revenue of the German central exchequer was fifteen million marks below the estimate. All customs and excise suffered from continued depression of trade. The deficit is covered by savings from the French indemnity. The forthcoming meeting at Heidelberg of the Finance Ministers of the several German states is intended to pave the way for an increase of revenue. Discussions will cover the subject of excise and kindred topics. Herr Hobrecht, Prussian minister of finance, is said to have devised a plan for the rapid increase of revenue.

VIENNA, Aug. 6.—It is said Gen. Philappovich has reached Maglai and intends to make a signal example of the insurgents. The Austrian commanders have been ordered to resort to the utmost severity.

CANADA.

MONTREAL, Aug. 6.—Orangemen decline the proposal of the Catholic party to test the legality of the order by civil proceedings in the test case before the Privy Council, and the prosecution will proceed in the police court.

DELAYED DISPATCHES.

EUROPE.

LONDON. Aug. 4.—During the ceremony at Guildhall on Saturday of presenting the freedom of the city to Lords Beaconsfield and Salisbury, considerable sensation was created by a person who, on the appearance of the plenipotentiaries, shouted "Traitors to the constitution!" The disturber was immediately ejected. In his speech at at the Mansion House banquet Lord Beaconsfield said he felt confident her majesty's ministers had not only maintained the interests of their own country, but had secured the independence of Europe. He drew a sanguine picture of prospects from the Anglo-Turkish convention. His lordship said that never, within his experience, had relations been so friendly. Russian statesmen were convinced that restless warlike spirits must debase and perhaps even ruin that empire. The estrangement of France he should regard as one of the greatest misfortunes which could happen to England.

Salisbury also made a speech indicating that the Government had resolved to fully avail itself of the right of interference in favor of good government afforded by the Anglo-Turkish convention.

The wheat ship Kate Kiloch, from San Francisco for Liverpool, was abandoned at sea.

LONDON, Aug. 5.—A rumored serious unpleasantness has arisen between the Italian and Austrian consuls in Bosnia, in consequence of suspected connivance of the former in the agitation against Austria.

BERLIN, Aug. 4.—It is reported that Nobeling attempted suicide on Saturday with a pair of scissors.

BERLIN, Aug. 5.—Complete returns from German elections show the following results: Ninety-three conservatives, 110 of various liberal parties and 96 ultramontanes. Sixty-six second ballots are necessary.

CANADA.

MONTREAL, Aug. 5.—A dispatch from Newfoundland says Bishop Conroy, apostolic delegate, died at St. John's, Newfoundland, last night.

MUSIC.—Mr. Digby Palmer, teacher of the Pianoforte, Singing and Thorough Bass, having returned from Puget Sound, will be happy to see his pupils and patrons. Pianofortes tuned and kept in tune by the year. Fort street. Or orders left on the slate at Messrs. T. N. Hibben & Co.'s, Government street. *

Law.

EDITOR COLONIST:—At three o'clock to-day, the Attorney-General rose and said, "I have the honor to propose the second reading of the Chinese Tax Bill."

Dr. Ash—It is a disgrace to the Province.

Mr. Vernon—It is a disgrace. I shall not sit here and bear the odium of assisting to make law of such nonsense. (He left the house.)

Clause 7 of this bill *authorizes a collector to sell any man's goods for another man's debt.*

Mr. Wilson asked the following very pertinent question: If five or six Chinamen come into my store and if the collector finds them there and demands the licence money, and if they refuse to pay; can he seize my goods for their debt?

The Attorney-General answered, *No.* Without any hesitation I say *Yes.* It would be the duty of the collector under such circumstances to seize Mr. Wilson's goods and sell them. *The clause passed without amendment.*

Another clause in this Bill is nothing more or less than a legal provision which secures employment on public works in the Province for all Chinamen who refuse to pay the tax. *Henceforth they will come here to be taxed and remain to be fed!*

Legislation in British Columbia is a shocking affair. The reply of the Attorney-General to Mr. Wilson is an awful display of—*law.*

I am A BRITISH SUBJECT.

DENTISTRY.—Dr. Cool calls attention to the beautiful alluminium-lined vulcanite plates for upper and lower sets. The advantage of this work is that it is very thin, much stronger and lighter than the common plate usually worn; also, being a better conductor of heat and cold, it does not produce the iritation, sometimes caused by rubber or non-conducting substances. I make these sets for $35, something never before done, and guarantee my patrons that after once wearing one of them they will wear no other. The treatment of diseased teeth and fine operating I make a specialty. Teeth built up with pure gold to their natural contour; artificial crowns adjusted to roots in the best manner. Work of every description done anywhere I engage to do at the most reasonable prices. *

PEACE PROCLAIMED.—After ten years of active warfare! I have been at war with my customers for ten long years, and I am now ready to DYE FOR THEM at reduced rates. Gents' clothes cleaned and repaired; faded curtains and clothing restored and made to appear as good as when new. Customers abroad will not have reason to grumble at prices if they send their articles to T. W. Pierre, tailor and dyer, Yates street, opp. Alhambra Hall. THIRD PROVINCIAL LEGISLATIVE ASSEMBLY.

FIRST SESSION.

THURSDAY, August 8th.

Mr. Speaker took the chair at 2 p.m.

CHINESE TAX BILL.

Consideration of this bill was resumed in Committee, Mr. Pimbury in the chair.

Several clauses passed without debate, but a discussion arose on clause 13 which provides for the employment of defaulting Chinese on the public roads and works.

Mr. E. Brown asked the leader of the Government if a clause would be inserted in the bill to prevent its coming into operation until after the expiration of the present fishing season. If such a provision were not made he had it on the best of information and knew from his own experience that the Act would result in the closing of the canneries on Fraser River (Hear, hear.)

Hon. Mr. Walkem said it was the intention of the Government to insert a clause at the end of the bill which would meet with the approval of the hon. member for New Westminister city. With reference to the value of a day's labor performed by a Chinaman he thought 50 cents might be considered an equivalent.

Mr. Mara said that if a Chinaman's labor were valued at 50c. per day and he had to pay in certain portions of the Province $1.50 per day for his food and 5 per cent. of the wages of the overseer, and 5 per cent. of his license for cost of wear and tear of tools, the Chinaman at the end of his day's work would find himself in debt to the Government and would consequently become a slave for life. (Hear, hear.) The clause was further evidence of the slipshod manner in which the measure had been drawn up.

Hon. Mr. Walkem said the Government desired the assistance, not the sneers of the Opposition.

Mr. Mara—The assistance of the Opposition does not seem to be at all acceptable to the Government. (Hear, hear.)

Mr. Walkem—I move that 50c. per day be inserted as the value of a Chinaman's labor.

Mr. E. Brown—Before you fix his wages it must be apparent that it is desirable to fix the cost of his board.

Mr. Bennett pointed out that the cost of board would vary considerably in the different localities in which the prisoner was confined.

Mr. Smithe protested against the motion and said that in several instances the board would come to more than the proposed value of the Chinaman's labor.

Opposition members—Let it go! Let it go as it is.

The sum of 50c. was then inserted in the blank as the value of a Chinaman's day's labor and the clause passed.

Clause 14 passed without amendment.

Clause 15, providing for extra imprisonment in the event of a Chinese person refusing to perform the labor allotted to him, was amended so as to render the extra term of imprisonment *with* hard labor.

Clause 16, authorizing the appointment of overseers, passed.

Clause 17, instructing the toll collectors at Yale and Telegraph Creek, Cassiar, to demand licenses from Chinamen previous to permitting them to pass though the tollgates either way, also passed.

Hon. Mr. Walkem moved the insertion of an additional clause to render the Act inoperative until the expiration of one month after its being passed.

Mr. E. Brown said the time mentioned was altogether inadequate. Sufficient time should be granted to allow the fisheries to complete the present season's work under existing arrangements. The proprietors might then be in a better position to comply with the Act next year. He was as desirous as anybody to see Chinese immigration restricted, but he did not wish to see the fishing industries crippled by the Act, which they would be if it came in force at the date proposed.

Hon. Mr. Humphreys said it would be fully three months before the Act came into operation.

Mr. Cowan—Then why not suspend it for three months, so as not to interfere with the fisheries this season? (Hear, hear.)

Mr. McGillivray said it was a most serious matter to the proprietors of the canneries who had not expected the passage of any such Act. It would prove instrumental in causing a disturbance amongst the Chinamen, who might break off in the middle of a run and put the proprietors to great expense and inconvenience (hear, hear).

Mr. J. W. Williams said the bill ought to come into force immediately it was assented to. The postponement proposed by the Opposition was intended to secure its disallowance at Ottawa.

Mr. E. Brown said such was not the case and that the remark came with very bad grace from the hon. member.

Mr. Harris thought so too. Neither he nor his colleagues had been elected to give the Government a factious opposition. Their desire was to legislate in the true interests of their constituents and to deal with the business of the House in a practical manner. (Applause.)

Mr. Wilson thought there was a great deal of force in what the New Westminster members had said. The Act would, if it came into immediate operation, be literally sprung on the canneries and would result most disastrously to a large number of white hands in the event of a strike amongst the Chinamen. He would therefore move that the fisheries of the Province be exempted from the operation of the Act until 1st November, 1878.

Mr. McGillivray approved of the motion, which was then put and carried.

Clauses were amended so as to make it compulsory for every Chinese to take out a license of $10 for every three months, instead of one for every six months.

The committee then rose and reported the bill complete with amendments. Ordered that the bill be read a third time on Monday next.

SUPPLY.

Hon. Mr. Beaven moved that on Monday next the House resolve itself into committee of supply; also into committee of ways and means.

Mr. Smithe said the motion would be irregular until the House had agreed to grant a supply to Her Majesty.

After a brief discussion the motion passed.

CARIBOO WAGON ROAD TOLLS.

Hon. Mr. Walkem moved the second reading of the Cariboo Wagon Road Tolls Amendment Bill. He said the residents of Okanagan district had had the benefit of a large portion of the road for some time without paying anything for it, so no complaint could be made in that quarter as to the proposed change. Individually he was opposed to placing tolls on roads which were built for the use and benefit of the whole country; last session, however, the gentlemen who then occupied the treasury benches had imposed a discriminative tax. The removal of the toll gate as proposed by the bill would bring in additional revenue and would provide a sum for keeping the road in repair.

Mr. Mara said he was opposed to the bill. Two years ago the leader of the Government had said he was opposed to taxing the main trunk road as it was of a provincial character; but it had been found necessary to impose new taxation to pay previously incurred debts and he (Mr. M.) had favored the imposition of one-half a cent per pound at Clinton and one-half a cent at Yale. He considered the proposed change unfair, more especially in face of the fact that the city of Victoria would shortly be relieved of a great portion of her fair share of taxation; but the taxes for Yale were to be doubled, which he must confess was most unjust. Why should those living at the lower end of the road pay as much for the use of the road as those residing at the extreme end of it. As he did not wish to waste the time of the House he would simply move the following amendment:

That the bill be not now read a second time but that it be referred to a select committee with instructions to inquire into the whole circumstances connected with the collection of the Cariboo road tolls and to frame a suitable measure and report the same to the House.

Hon. Provincial Secretary—Oh! oh!

Mr. Mara—The hon. gentleman says oh! oh! but that is only another evidence of the inconsistency of his political career. The opinions he holds when working with one party are allowed to go to the winds; to serve the purpose of the hour now he entertains views diametrically opposite to those previously announced by him.

Hon. Mr. Humphreys denied that he had said oh! oh! (laughter) and added that he had all along been of opinion that the toll should be collected at one place and at one place only—that place being Yale. He had never cast a vote in favor of collecting the toll at two places.

Mr. Mara referred the hon. gentleman to the votes and proceedings of the House and the published reports of the daily papers to convince him that he had.

Hon. Mr. Humphreys—Oh! in that instance it was a strict party vote.

Mr. Mara—It shows inconsistency. The people of Yale were quite willing to pay their fair share of the toll, but they entered a protest against contributing as much for the repairs of 20 or 30 miles of the road as those who used its entire length.

Mr. Evans replied in support of the bill and characterized it as a very fair measure. He denied that he or his colleague, the Attorney-General, had pledged themselves to lift the tolls from the road.

Mr. Vernon said that although it had not been asserted that the country is heavily taxed, it was desirable to ascertain whether any one district paid an unfair share of taxation. The last hon. member's figures were quite astray and he should remember that if a large sum of money had been expended in keeping the lower portion of the road in repair, that expenditure had been necessitated in order that freight might reach Cariboo in safety. The inquiry the opposition asked for could do no harm. Yale already contributed *per capita* more to the general revenue than any other district; Victoria came next and Cariboo next. He did not think there was anything unreasonable in the amendment, for a report could be compiled in two days and it could be ascertained as near as may be the proportion in which each district contributed to the revenue of the country. The desire of the Government could only be to do that which is right, then why should they object to sending the bill to a select committee in oredr that the question might be thoroughly ventilated and a fair measure drafted?

Mr. Bennett said that on the face of it, without going into figures, it was unfair that a toll of the nature proposed should be collected at one end of the road, thereby compelling residents who used only a small portion of the highway to pay a like tax to those who used hundreds of miles of it. The people of the district he represented already paid more than their share of taxation and he thought it only right that the bill before the House should be relegated to a select committee in order that it might be determined whether it is desirable to collect the road toll at more than one place on the road. He would therefore heartily support the amendment. (Hear.)

Mr. W. M. Brown spoke in favor of the bill and said he would support it believing that Yale is the proper place to collect the whole toll.

Hon. Mr. Humphreys replied to the remarks of the members for Yale and said that there was no necessity for referring the bill to a select committee as the circumstances in connection with the road toll were thoroughly understood. He accused the senior member for Yale of acting from personal motives, being aware that the collection of the entire tax at Yale would take out of his pocket an additional half-cent per lb. on all the goods he shipped to the Mainland. He (Mr. H.) contended that it was not right that Cariboo should be called on to pay one cent per lb. on goods whilst Yale and the lower country paid one-half a cent per lb. The bill would not relieve Cariboo from any obligation but would place her on an equal and fair footing with the lower Mainland. Unless the whole toll were collected at Yale the wagon road must of necessity fall into disuse, on account of the inextricable confusion in which the late finance minister kept his accounts and on account of the exchequer being left by him in a deplete condition.

Hon. Mr. Smithe said he was aware that the late Ministry had at first intended to collect the tax of 1 cent per lb. entirely at Yale; but on mature consideration, and after hearing the argument of Mainland members, the then Government had come to the conclusion that such a course would be unjust and that it would be proper to place one toll-gate at Yale and one at Clinton, ½ a cent per lb. being payable at each place. The only argument at the time of any weight against that determination was the extra cost of collection that would be caused. This, however, had been almost overcome by the cost at Clinton being reduced to the lowest possible figure. The hon. Provincial Secretary, who now argued so strongly in favor of this bill, seemed to forget that when he was a member of the late Government he was just as loud, if not louder, in his support of the bill introduced by Mr. Elliott. How could he lay claim then to consistency? It seemed to him that no supporter of the Government had attempted to reply to the argument of the senior member for Yale, but it must be apparent that it would be most unfair to charge residents who used only a few miles of a road as much as those who use hundreds of miles of it. The hon. gentleman then instanced the manner in which toll roads are maintained in England and pointed out that there were always a number of toll gates and that the toll was not collected exclusively at one end. He ridiculed the assertion made by the Provincial Secretary to the effect that the miners of Cariboo paid a license for the privilege of laboring; that was not the case. They paid for the privilege of taking gold from the hills—gold that could never be returned. Last session the member for Cariboo (Mr. Evans) had vehemently opposed the road tolls *in toto*; that was when he was in opposition. But now he was a supporter of the Government he wanted to impose a tax of 1 cent per lb. along the entire length of the road. He was astonished that he (Mr. Evans) did not introduce a bill to abolish the road tolls altogether. He would, however, congratulate him on his conversion to the principle that the Cariboo road should be maintained as nearly as possible by a toll system.

Mr. Evans said if this was intended for a joke, all right; but he would not allow the hon. gentleman to state that he was in favor of a road tax.

Mr. Smithe—The hon. gentleman had said he intended to support the second reading of this bill, which was intended to impose a toll of one cent a pound, and he could not therefore get out of the position that he endorsed the toll. It was however wonderful how people could change their views upon a change of sides. The people of Cariboo were largely benefitted by this road and he thought it wrong that the people of Yale should pay as much as the people of Lillooet when they have the use of only one-third of the road; and Lillooetites should not pay as much as Caribooites who have the use of the entire road. He was in favor of making another tollgate, say at Quesnel bridge. The amendment to refer this bill to a select committee he entirely agreed with. It would simply have the effect of giving right and justice a chance of being fairly considered (hear, hear).

Hon. Mr. Walkem said this amendment was the usual way of killing a bill, and as this matter was so well understood he really could not see the use of referring it to a select committee. As for charges of his having misled his constituents, he had time after time told them that the road tolls could never be taken off as long as the House was as at present constituted. He considered placing the toll at Yale an exceedingly fair proposition though at the same time he strongly objected to a toll at all; but the Government were not in a position to repeal the Act yet.

The amendment was then put and lost lost on a division by 16 to 7.

The bill was then committed with Mr. J. W. Williams in the Chair.

Clause 1 passed.

Clause 2—

Mr. Wilson thought it might be well to tax all stages, wagons, cattle and produce of all kinds in order that Yale should pay its proper share to the revenue of the Province, as at present it pays a mere nothing.

Mr. Smithe said he could not say he was astonished at the views the hon. gentleman had just given expression to. It had long been patent to him (Mr. Smithe) that the member for Victoria was something like what he himself had often said of Mr. Mackenzie, that he was incapable of taking a broad view of the railway question, in fact that he could not see beyond the Province of Ontario. If that were true of the Dominion Premier, (and he Mr. Smithe would not say it was not) then it was equally true of Mr. Wilson that he could not see beyond Victoria. He evidently had no idea of the necessity of protecting home industry when it had reference to agricultural produce. He did not realize that the very life and soul of the country depended upon the welfare of its agricultural interest. (Hear.) Yale, upon the industry of whose people Mr. Wilson would like to impose a tax that would have the effect of driving them out of the country, was of far greater importance than the City of Victoria, if the hon. gentleman only knew it. Victoria might be destroyed to-morrow and next day another city would take its place so long as the country districts remained; but destroy the districts and Victoria would soon cease to be. (Hear, hear.) Mr. Wilson, he thought, in his limited vision had not considered the effect upon his own constituents a toll of one cent upon cattle would have. It would simply cause either the increase in price of butchers' meat or a return to the old condition of things when a great portion of Victoria beef was imported from Washington Territory and Oregon. He regretted that the evidences were so strong that the government of the country was to be controlled by one who was too incompetent to understand the first principles of political economy and who was constantly prepared to sacrifice the best interests of the country to the City of Victoria.

Mr. Wilson said he understood all this. The object of this tax was to make up for the deficiency caused by the late finance minister who lost some $80,000 on the $750,000 loan and had left the treasury empty.

Mr. Vernon said the discussion was entirely out of order. Clause 1 had been passed and no amendment offered by Mr. Wilson. He would inform him that all amendments of the kind proposed must be introduced by the Government. He would also remind the hon. gentleman that yesterday he had called him to order on a very frivolous question which he considered came with very bad grace from so young a member of the House and from one who knew so little about the rules of order.

The committee then rose and the bill passed its third and final reading.

MUNICIPAL AND LICENSES ACTS AMENDMENT BILL.

Hon. Mr. Beaven, in moving the second reading of this bill, said it was not a new bill, but one which had really been in force in former years with the exception of the tax on lawyers. The present Government had strongly objected to the change in 1876, but they now proposed to bring the city back to the state it was in in 1873. The police and police magistrates were to be appointed by and under the orders of the Municipal Council, or the people who paid them.

Mr. Smithe said it might appear strange that, after the pledge given by him at the opening of the session not to unnecessarily oppose the Government in their measures, it should prove that almost every bill so far introduced had met with opposition. The reason was that the present Government were introducing a series of measures to repeal acts brought in by their predecessors, and as on this side of the House they could not change their opinions and principles on a change of sides with so much ease and readiness as had been shown could be done by Government supporters, it became necessary to defend principles advocated by him on former occasions. He was astonished that Mr. Beaven should have failed to furnish any reason for the change contemplated in the bill. He had not even attempted to explain why the Government had framed the measure. He said it was natural enough perhaps that the members for Victoria should endeavor to please their constituents even at the expense of sound principle, and it was just possible that their judgments, unknown to themselves, were somewhat warped by a desire to win popularity with the electors. As an outsider, representing a constituency having no direct interest in the question, he was in a position to form an unbiased opinion upon the subject, and he must say he did not consider that it would be right, or in the interest of justice or good government that the appointment of the Victoria Police Magistrate should be placed in the hands of the Council. It was a step in the direction of the American system of electing judges which he thought no member of the House would support. It was bringing the judge too near to people who might, and no doubt would, be made to appear before him, and, who, to resent the judgment passed upon them, might pledge the councillor asking their suffrages to remove the judge who had punished them. The conduct of municipal business lately had not been such as to create confidence in the ability of the councillors to use to advantage any more power than they now possess, and as for Mr. Beaven claiming the appointment as a right he maintained that the legislature was primarily responsible for the good government of the whole country, including Victoria, and if in the opinion of this House the ends of justice will be better conserved by retaining control of this appointment it would be wrong to let it slip out of its hands by the passage of this bill. The fundamental principle of municipal government is, that they have nothing as of right. They have nothing but what is conferred upon them by this Legislature. The revenues of the city have been presented to it for its use on certain conditions and for certain considerations, and one of the considerations is that they maintain a police force and a police magistrate. The right, therefore, spoken of by Mr. Beaven is an absurdity, and he could not think it desirable to modify in the least the conditions upon which the city taxes have been placed at the disposal of the Council. Above all he did not believe in tampering with an established institution connected with the administration of justice. (Hear, hear.)

Mr. Williams said that up to the last election (1875) this power was in the hands of the Council, and he considered that the Council was composed of men who were quite as capable of appointing a magistrate as the backwoodsman from Cowichan.

Mr. Mara here rose and hoped the Speaker would remind the hon. gentleman that it was not in order to call hon. gentlemen in this House backwoodsmen.

Mr. Drummond—It's an honor, an honor, sir.

Mr. Wilson said he did not consider any harm was done by calling a member a backwoodsman unless he preferred to be called a frontwoodsman.

Mr. Mara said it had always been the custom in the House to speak of members as the hon. Mr. so-and-so, or the member for such-and-such a district before the last two speakers were members and he certainly thought it would be well to continue that practice, unless those hon. gentlemen intended to bring in an Act to change this and establish the kind of debate customary with certain members of the Municipal Council.

Mr. Smithe said he regretted his hon. friend had spoken on the subject, as he thought it would be well to allow the hon. gentleman to proceed so that he could show the House the kind of argument used to support this and other bills by members representing the enlightened city of Victoria.

Mr. Drummond said he believed that this power had been taken from the Council through his own acts which he was sorry for He would like to know what right the hon. gentleman from Cowichan had to speak of his conscience; conscience forsooth, when he endeavored to take away from a corporation what properly belonged to them. As for the Council not being worthy of this, he certainly thought they were capable men; as for instance the present Mayor, who was one of the country's oldest settlers, an intelligent gentleman and one who had ruled the Hudson Bay Co. for years and had been ruling it before he (Mr. Drummond) was born. (Cries of "Oh, no!" and laughter.) He thought he was a good man for Mayor, though there was a deadlock in Council at the present which he thought the Mayor might have avoided if he had had any tact (laughter). If the Council are to pay for their police magistrate and police he certainly thought they should have some say in their appointment and he trusted the House would recognise this.

Mr. Evans spoke in favor of the bill, which he considered should always have been in force.

Mr. Mara said two years since he had taken an active part in this question because he was a believer in self-government. The city of Victoria was the only city that could be affected by this change; they had tried it, and when they send four members to the House to get the bill repealed he could not object to it, and would vote for the bill.

Mr. Bennett considered it would be most detrimental to the interests of justice if the police magistrate was to be appointed and dismissed at any time by the council, he considered he should be an entirely free agent and not bound to please so many masters or leave. (Hear, hear.) He did not appreciate the remarks of Mr. Drummond about the saving of money in connection with the proposed change. It might be true enough that the present incumbent was paid $150 a month and was not occupied more than a short time each day; what of that? Was it desirable to employ another for no better reason than that you can get him cheaper? He had no doubt a gentleman or at least a man might be got for half the money, possibly for a dollar a day, to occupy the position, but he considered it important above all things that a magistrate should have a certain social standing and a legal training. He would oppose the Bill. (Hear.)

The bill was then read a second time and ordered to be committed to-morrow.

The House then adjourned till two p.m. to-morrow.

NOTICES OF MOTION.

THE INSURANCE TAX.—A deputation from the insurance companies waited on the Government on Wednesday with reference to the proposed insurance tax, and the Government have since dropped the Bill.

Municipal Police Court.

[Before H. C. Courtney, Esq., and A. McLean, Esq.]

Charles Trehart, charged with having had, on or about the 23d day of June, in Saanich district, a deer or portion of a deer in his possession.

Mr. Mills appeared for the prosecution and Mr. R. Smith for the defence.

Mr. Mills objected to His Honor hearing this case alone, in that the Act stated it must be heard before either a Stipendiary Magistrate or two Justices of the Peace, and that the Police Magistrate was not a Stipendiary Magistrate.

His Honor said he considered the objection raised to be good.

Mr. A. McLean then took his seat by His Honor's side.

W. J. Wales, a farmer, said on the 23d June last in Lake District he saw a deer running along the bank; saw the defendant there; he was standing by a tree with a rifle or a gun in his hand; saw one dog besides his own; saw a dog or hound on the beach; about three-quarters of an hour afterwards saw some Indians with a deer; saw Trehart several times during the day, and at one time saw Messrs. Labell, Simpson, Steinberger and Wilkinson with him; saw the defendant pack the deer, but did not know who killed it; heard no shots fired and could not say how the deer was killed; did not see any dogs with Messrs. Simpson, Labell, Steinberger and Wilkinson; was about 48 yards from the defendant when he first saw him.

A. Grieves, being sworn, said he recollected 23d June last; spent part of the day on the beach with Mr. Wales; saw a deer dead on the beach; the deer was brought there by one or two Indians in a canoe; could not tell how it had been killed; could not remember whether the deer was wet or dry; defendant was in the canoe with the Indians; thought the deer belonged to the Indians because he saw Trehart pay the Indians; saw the defendant and Wilkinson on the beach; they were also in the canoe with the Indians; could not swear what Trehart paid the Indians for.

R. W. Wilkinson said on the 23d July he was with Trehart near Elk Lake; saw Trehart help to pack a deer; saw him in a canoe from Cadboro Bay direction; saw the Indians put out after the deer into the water; witness and defendant were hunting the deer and drove it into the water; did not hear anyone shoot; the Indians killed the deer.

His Honor said it was quite clear that the defendant had been in possession of this deer, but as to whether he killed it or bought it was uncertain. He quite believed the last witness when he said they were out hunting, and it was evident that the deer in question was hunted and by the defendant and the last witness.

His brother justice of the peace quite agreed with him that the case had been fully proven, but they would reserve judgment till after the hearing of the second case.

C. Trehart, charged with hunting a deer on or about 23d June last, pleaded guilty.

His Honor then imposed a penalty of $10 fine for the last offence and costs, and $25 fine and costs for the first offence.

The charges against Messrs. Simpson, Labell, Wilkinson and Steinberger were withdrawn.

William Marwick, on remand, charged with ill-treating the horse Top Gallant.

Mr. Hett appeared for the prosecution and Mr. R. Smith for the defence.

Mr. Anderson testified to having seen the horse Top Gallant on Sunday, about three weeks ago, on the Saanich road; defendant was driving him in a buggy; the horse looked as if he had been overdriven and could hardly go at all; he was covered with dry sweat; there were marks of the whip on the horse's side; did not see the prisoner use the whip.

R. Irvine, being sworn, said he knew the horse Top Gallant; saw him a week ago last Sunday on the Cedar Hill road; a lady, Miss Seabert, was driving the horse; the defendant was also in the buggy; the horse appeared to be very tired or very stubborn and the prisoner used the whip to him; after he had been struck two or three times the horse went on; there was dry sweat on the horse.

Peter Rouse testified to seeing the horse Top Gallant at Mr. Conley's house about 10 a.m. last Sunday week; saw Marwick and Mrs. Conley start, the former driving; he was going at a reasonable rate; next saw the horse at the Four-mile house; the prisoner was then standing alongside the horse; witness drove on towards Parson's bridge, the prisoner overtaking him on the road; did not see the prisoner use the whip to the horse at all; both drove on towards Peatt's; did not see the prisoner again till between 1 and 2 p.m.; at that time the horse did not show any signs of being over-driven; the prisoner left Parson's bridge for town immediately after witness, but did not pass him; they separated by the road leading to Deadman's river; long before defendant overtook witness on the way to Parson's bridge witness noticed that the horse was roaring.

After lengthy evidence had been heard which occupied the attention of the Court for the whole afternoon His Honor fined the defendant $10 and ordered him to pay costs and expenses, the whole amounting to about $50. The scientific evidence of Mr. Tilbury, veterinary surgeon, proved of great value, and the accuracy of his judgment was shown in the following remarkable manner. Directly he had seen the animal he stated that it could not live 30 minutes and within 20 minutes it was dead.

Cariboo.

Captain Jack Crawford writes to a friend at New Westminster (and his letter is published in the *Herald*) that he is satisfied there is no richer country than Cariboo, and it will only require a very little time to prove it. "During 1876 and the spring of 1877, I was the only paid correspondent in the Black Hills. I went out with the miners, took my pick and shovel, and helped to find the bed rock and what was there, and made reports that every miner in the camp would swear to as being true.....I encouraged the immigration only of men who would have $200 or $300 in their pockets when they got there, because it required money as well as muscle to prospect the country. That is not over two years ago; and look at the Hills to-day! Over 700 stamps at work and over 20,000 men in the country. Not one man in one hundred has left Cariboo, in the face of evil reports. True, half the population have left the towns, but they have only gone to prospect for gravel diggings (and there are hundreds of gulches not yet prospected.) They have gone until quartz comes up again, when they will return and hold their own..... As soon as I take my company below I will return to Cariboo, take off my coat and help to prove that Cariboo is rich, not only in quartz, but in free gold."

Washington Territory.

Frankie, the eight-year old daughter of Antine Hylak, a charcoal burner near Newaukum, W.T., was terribly burned some time since by falling into a fiery pit of her father's. Her curiosity prompted her to do as she had seen him do—ascend the mound and look in—but in doing so she touched a weak spot, and in a moment had gone down into the burning cavern. An older sister drew her out, but not until she was burned beyond hope of saving her life.—*Tribune.*

Frank Lampson, formerly of this city, and more lately of Port Townsend, has become insane from the excessive use of opium. He is well known on the Sound and has a great many friends.—*Dispatch.*

A LANDMARK REMOVED.—The buildings at the N. W. corner of Yates street and Oriental Alley are being pulled down to make room for brick structures. The larger building was erected by N. Treweek & Co., a firm that flourished here in the days of the first (or '58) gold rush. The building was erected in the spring of that year. The lumber from which it was constructed was landed at a temporary wharf that stood where the custom house now stands. The lumber cost $125 per thousand, and was carted from the wharf to the site at $2 50 a load. The building was a "swell" affair at the time. Nearly in front of it, in the middle of Yates street, two large oak trees tossed their branches skyward. In front of the old Government Buildings, which occupied the space where stand the Adelphi Saloon, *The Colonist* office, the Bank of British North America building and Barnard's express office, there was a high fence, and in the centre of the street and on the sidewalk were several large oak trees, the stump of one of which is still to be seen in front of the express office. We understood at the time that Treweek's building, which was sold on Wednesday for $50, cost $6000 to build—carpenters being paid $7 50 a day and laborers $4. The smaller buildings in course of demolition on the west of Treweek's were built about 1854, and were moved to a line with the street in 1858.

MARINE.—The following vessels anchored in Royal Roads yesterday from San Francisco: W. A. Holcomb, Capt. Dunstan, and B. F. Watson, Capt. Hawkins, to load lumber at Hastings Mills; the bark Marmion, Capt. Jordan, to load coal at Departure Bay; the bark Whistler may be expected to arrive at any moment.

THE CHINESE HEAD TAX.—Several gentlemen representing the Fraser canneries had an interview with the Attorney-General yesterday to urge him not to put the Chinese Head Tax Bill in operation before the close of the present fishing season. The deputation came away with a satisfactory assurance, and the Bill won't apply to fisheries till November 1st.
